

BOYCOTT THE WAR!

BOYCOTT USA CORPORATIONS THAT BENEFIT FROM WAR

LET EVERYONE KNOW ABOUT THIS CAMPAIGN – FRIENDS, COLLEAGUES, EMAIL CONTACTS, STORES!

Why Boycott? By subverting the will of the United Nations and invading Iraq, the Bush administration in the United States has made it clear that it refuses to listen to world opinion. Due to this slap in the face to the democratic institution of the UN, and this rejection of the rule of international law, the time has come for the citizens of the world to make a visible statement against American power gone wrong.

How to Boycott a Global Bully: The following brand names belong to USA corporations which:

- 1) Are part of the military-industrial complex or in other ways benefit from war
- 2) Contributed substantially to George Bush's campaign funds
- 3) Or are high profile USA corporations whose profits eventually help finance the USA's enormous arms expenditure (an expenditure which is more than that of all other countries combined).
